Evaporator Guard for S2 and S3 evaporators

Evaporators are crucial when it comes to safeguarding your cargo. During loading and unloading, however, they are susceptible to damage from forklift trucks, pallets, crates, bins, boxes and other cargo.

Made of high strength stainless steel or aluminium, the Thermo King Evaporator guards improve the safekeeping of your cargo. The design facilitates installation of the guards over evaporators already fitted in the ceiling. The guards do not interfere with the air flow.

Improved design to ensure secure mounting.

Key Features

- Full protection from exterior damage
- Exceptional durability
- Available for all multi-temp truck and trailer models
- User friendly installation
- Quick access for evaporator maintenance
- Four mounting plates for secure fastening
- Installation components included in the kit

Model	Material Modifications
S2 Evaporator Guard	Stainless steel
S2 Evaporator Guard	Aluminium
S3 Evaporator Guard	Stainless steel
S3 Evaporator Guard	Aluminium
