## Fuel Tank Cleaning Unit

The fuel tank cleaning unit is a mobile unit ideal for on-site cleaning of any diesel fuel tanks, including tractors, refrigeration units and other applications. It gives dealers the opportunity to offer an additional service to their customers by treating and removing potentially damaging contaminants from their fuel tanks. The unit quickly and efficiently removes all water and particles from the fuel tank. Combined with the Thermo King fuel filter range the fuel tank cleaning unit continues our mission towards reducing fuel inconsistency issues in the field.

### Key Features

- Mobile unit that delivers fast on-site fuel cleaning
- Protects engines from failure and unscheduled shutdowns due to contaminated fuel
- Removes water & particle content in diesel fuels
- Eliminates cost of replacement fuel
- Can be offered as a service to Thermo King customers

Description	Part No
Fuel Tank Cleaning Unit	2041966
Replacement filter	131287

Please allow 4 to 6 weeks for delivery
