Aluminium Fuel Tank

Thermo King's new aluminium diesel fuel tanks are purposely-designed for Thermo King refrigeration systems. They are exceptionally robust, light-weight and have additional corrosion resistance associated with aluminium.

Ideal for the most extreme environments, they are configured to integrate seamlessly with Thermo King's fuel tank accessories for added security and fuel level monitoring. The new tank has been ergonomically designed to facilitate easier accessibility to reduce installation times.

Aluminium has been chosen for its low weight, exceptional strength and durability. The tanks are available in 100 and 190 litre sizes, the smaller tank being ideal where fuel volumes are subject to limitations due to local regulations.

Key Features

- 50% weight saving on tank
- TUV approved
- Bio diesel (B7) approved
- Easy & faster installation
- High corrosion resistance
- Sump-less design for maximum clearance
- Mechanical fuel gauge as standard
- Easy upgrade to electronic monitoring
- Extra security options available

Description	Part No
Tank Fuel Alum 190L-18"	● 120978
Tank Fuel Alum 100L-18"	● 120979
Kit Install Fuel Tank 18" (100/190L)	● 902417
Electric Fuel Gauge Dial	△ 419223
Lockable Fuel Cap	△ 118053
AntiSiphon	△ 130878

● Standard △ Optional
