TouchLog Datalogger

Temperature data capture and printing for all vehicles

Thermo King's TouchLog Datalogger is compact, easy to use, flexible to download and quick to generate printouts.

Ease of use
- Intuitive interface with capacitive touch screen
- Quick navigation with icons and short-cut keys
- Choice of 18 languages on the display and printouts

Flexibility
- Equipped with its own independent sensors for use with all makes of temperature control equipment
- Will log temperature setpoint on Thermo King units equipped with SR-2 or SR-3 controllers
- Can be installed in any standard radio DIN slot or dashboard mounted and setpoint changes or door openings will be captured in the ticket.
- Also available in weather-proof IP 66 enclosure where an external mount is required

Security
- 8 Mb memory sufficient to hold a minimum of one year's data
- Temperature out-of-range alert based on ignition key and door opening event option
- Securely protected clock with automatic winter/summer time adjustment

Download
- Soft copy export of tickets (.pdf /.txt) to USB flash drive
- Compatible with Thermo King's Wintrac software for updates and data downloads (.wtf files) *Wintrac*

Printout
- Quick and easy printout of delivery, journey or multi-day tickets
- Choice of tabular or graphic format
- High speed thermal printer
- Rapid replacement of printer paper

Connectivity
- 6 configurable inputs: analogue for temperature sensors (NTC) or digital for open/close switch status
- 1 digital output for connection to external light or buzzer
- 1 USB port for PC connection or for exporting a soft copy ticket to a flash drive
- Up to 3 serial communication ports (RS232/RS485) on Premium model for a connection to a:
    - Thermo King unit controller for temperature setpoint, door status or defrost
    - Thermo King Telematics solution TracKing
    TracKing
    - 3rd party geo-localisation system

Accessories
- Thermo King 2 wire door switch
- Thermo King hand held probe (pallet level sensor)

New in-cab install kit
- Compact design to mount TouchLog
- Easy accessibility to TouchLog function buttons
- Flexibility in mounting locations (flat surface only)
- Dashboard mount
- Wall mount
- Ceiling mount

Certification
- Satisfies all relevant food transport standards: EN 12830, E type approval and WELMEC 7.2
- Accuracy Class: 0.5 K between -25 °C and +8 °C, and 1 K between -30 °C to -25 °C and +8 °C to +30 °C

Note: For VP Truck units use TouchLog Premium to connect the unit to TracKing (BlueBox required separately).
