

CONNECTED SOLUTIONS

TK OneView

YOUR FLEET MANAGEMENT SOLUTION TO MANAGE AND OPTIMIZE YOUR MIXED FLEET

TK OneView is a centralized hub that consolidates a wide range of features into a single, user-friendly platform, providing you with an oversight of all your refrigerated assets, regardless of the brand.

Why use TK OneView?

MIXED FLEET ACCESS

Unified platform to manage both Thermo King and competitor reefer units.

DRIVER BEHAVIOR DATA

Monitors and improves driving practices for enhanced safety and efficiency.

EBS/TPMS DATA

Monitors the condition of your fleet's tires, axle load, and brake lining.

TRACTOR DATA

Collects data from your tractor.

* The cost of the APIs will be the responsibility of the customer, and Thermo King does not provide the necessary hardware.

Benefits

CENTRALIZED HUB

Experience seamless and efficient fleet management optimization for all your reefer equipment (regardless of manufacturer).

SIMPLIFIED CUSTOMER SUPPORT

Enjoy one point of contact for personalized and consistent support for managing your fleet.

STREAMLINED INVOICING PROCESS

Reduce your administrative burden by reducing the number of invoices you receive on a monthly base.

MULTILINGUAL

TK OneView is available in Dutch, English, French, German, Italian, Polish, Russian, and Spanish.

Who will benefit most from TK OneView?

If your fleet contains a mixture of reefer brands and/or you want driver behavior data**, tractor data**, and/or EBS/TPMS data* for your entire fleet, then TK OneView is the choice for you.

** Extra hardware might be required.
